**WORRELL, THE JEWELER.**

The wheat looks much better. Tutt's Pills purge out malaria. Mrs. A. B. Cluster is visiting in Fulton.

S. B. Cook and Thomas Atchison are home from St. Louis. As long as fish bite Sundays people will go after them.

Quite a number of our business men still think we can have a fair. The farmers of Audrain county are putting in a large acreage of corn.

The Louisiana (Mo.) Journal, established in 1856, has been moved to Jerseyville, Ill.

Mr. and Mrs. Frank Plummer have returned to their home in Springfield, Mo.

Fulton people en route to anywhere stop over in Mexico half a day and are delighted.

William Hardesty, north of town, has robbed of a suit of clothes and \$5 this week. No dew to the thief.

Hon. Champ Clark will address the graduating class of the Mexico public Schools next Monday night.

The party who lost a pair of spectacles, can have the same by calling at Woodruff & McArthur's drug store.

James Pasqueth & Son are selling a bill of goods in California the result of an advertisement in the Mexico LEDGER.

The Fulton Sun says: Mrs. J. H. Bell, of Mexico, visited her daughter, Mrs. J. P. Gass, in our city and returned home to day.

Prof. Carrington has accepted a call to conduct the Monroe county teachers Institute to be held at Paris, beginning July 17.

Hiram Moore is going to San Antonio, Texas, for his health. His many friends hope he will soon recover and return to Mexico.

The best banquet that man ever had down to was never relished half as heartily as the core of his chum's apple away back in primary school days.

Hopkins & Ricketts sold for T. B. Harris to-day his residence property north-west Mexico to Mrs. Susan Johnson for \$1,500. This property is better known as the old Kern place.

Robert Sinclair has accepted a position with Dr. A. M. Patterson, west side druggist. Mr. Sinclair has recently returned from Lincoln county, where he has been the drug business.

The Missouri University nine and the Kansas University nine will play match game of base ball in Kansas City some time the latter part of this month. Louis Mason is captain of the Missouri University nine.

C. C. Davis is sinking a shaft on a farm in the southeastern suburbs of this city and expects to find a 4 1/2 foot vein of coal at the depth of 45 feet. The shaft is 4 x 6 and is now about 30 feet deep.

Mexico will spread out before W. L. Gardner, of Montgomery county, who has just purchased acres of land this side of the Fair grounds from Wm. Harper, will fit it up into town lots very soon.

Mr. and Mrs. Upham, who were in the northwestern part of this county yesterday, report a severe hail storm there. The storm was one of the worst of the year and it is a wonder more damage did not result.

Bickley & Moore have extended their grand old pavement around the corner on the west side of their store when they begin their new front in a year they will have a plate glass front on the west as well as on the south side of their building.

Josh. Bunton received a telegram announcing the death of the 14-year-old daughter of Mr. and Mrs. Henry Hamilton, of Bloomington, Ill. She died yesterday of fever. Mrs. Hamilton is a sister of Mr. Bunton and visited in this city a few weeks since.

R. S. Turner, the former proprietor of the Temple of Economy, this city, after spending Sunday in Mexico, left to-day for St. Louis. R. Turner is now traveling for the Alsbury Bottle Works Co., Pittsburg, Pa. He has sold all of his clothing house.

On the first day of June Courtney Bickley, brother of John and Sam Bickley, of this city, will leave for England to be gone two months. He will be accompanied by Frank and John Bickley, sons of John Bickley, of this city, and we predict for the party a most enjoyable trip.

**THE PRIZE RECEIVED.**

The Mexico "Ledger" Receives \$75 In Cash and a Highly Appreciated Letter as the Award For the Best Report of Any Farmer's Institute Held in Missouri in 1892.

The following letter from the Secretary of the State Board of Agriculture, received by the editor of the LEDGER, is highly appreciated and explains itself:

COLUMBIA, Mo., May 16.—**DEAR SIR:** I have the honor to enclose warrant for \$75 in payment of premium for the best report made of the institutes held last season. The Board extends congratulations on your success and further thanks you for your active interest in making the institute a pleasure for those who attended, and, by your excellent report, profitable to the many who could not attend. The account was allowed by the Executive Committee of the Board at their last meeting and will be promptly paid by the Board's Treasurer, W. W. Garth, of the Exchange Bank, Columbia.

Very Respectfully,  
IDA L. CRUME, Secretary.

**Mrs. A. M. Atkinson Dead.**  
Mrs. Anna May Atkinson, daughter of Albert White, of this county, and a sister of the editor of the LEDGER, died at the National Temperance Hospital in Chicago on May 22, 1893. Mrs. Atkinson had been suffering for years, and a week ago she underwent a dangerous surgical operation. Saturday night when her brother and his wife left her in Chicago she was thought to be out of danger, but on Monday she began sinking and died from the effects of the operation. Mrs. Atkinson was a member of the Presbyterian church, was 51 years old and leaves a daughter, Jane Catherine, aged 12. Her husband, Dr. Joseph Atkinson, died about nine years ago. The deceased had been ill and suffered terribly for years, but her physicians and family had hoped she would survive the operation and recover, but it was not to be and she passed away with an abiding faith in the Lord.

The funeral of Mrs. Anna May Atkinson took place from the residence of her brother, R. M. White, in this city yesterday morning. The services were conducted by Rev. A. E. Rogers, pastor of the Promenade street Baptist church. The pallbearers were J. G. Trimble, Wood Trimble, Ernest Gant, Frank Jesse, N. Myers and Howard Bickley.

**Cows With Hollow Tail.**  
Owners of cows will do well to cut this out and paste it up so it may be referred to. In a number of instances cows in this locality have become prostrated, and once down cannot get up, even with aid. Doctoring with physic and other remedies seems to do no good. Examine the end of the cow's tail and if a portion of the tail bone is gone she has the "hollow tail" which renders her so weak in the back and loins that it is an impossibility for her to get on her feet. The remedy is simple: Split the end of the tail 4 inches and fill the cut thus made full of a mixture of black pepper and salt; wrap a rag around the cut place and tie so it cannot come off; then saturate the rag thoroughly with turpentine and in two days or less the cow will get up. This has been the experience of several persons in this immediate vicinity.

It may be well to add that the hollow horn is nearly always contemporaneous with the hollow tail. If the cow's horns are cold bore them with a small gimlet, and through a straw or a goose quill blow in salt water, also apply a little turpentine at base of horn. Always bore the horn underneath and about one inch from the cow's head.

**Time for Circuit Court.**  
The legislature has changed the time of meeting of the Circuit Court in this the Eleventh Judicial District, as follows: Audrain county from fourth Monday in January to third Monday in January and from first Monday in October to third Monday in September; at Montgomery City from second Monday in February to second Monday in July; at first Monday in May; in St. Charles county from first Monday in March to third Monday in February.

John W. Crigler Deeds Valuable Real Estate to His Children—Thurston Duncan to Re-move to Martinsburg, Mo.

John W. Crigler, of Mexico, is one of the wealthiest and most substantial men in Audrain county and owns large real estate interests in and around Martinsburg. He has just decided to his children, Mrs. Thurston Duncan, Bertie V. Crigler and Walter L. Crigler, all his real estate in and around Martinsburg, consisting of 220 acres of fine land and several houses and lots in town. The three parties named will form a corporation and at once will let the contract to sink a shaft for coal and will mine on an extensive scale. Walter Crigler will remove from Tennessee to Mexico where he resides permanently. The management of the coal company will be in the hands of Thurston Duncan, now with Mr. Llewellyn. Thurston will resign his position in the drug store and take charge of the company's interests and will likely remove to Martinsburg to live. He is one of our most active and energetic young men and he hate to lose him and his family from the business and social circles of the city but take pleasure in welcoming back from Tennessee his brother-in-law, Walter Crigler. The Martinsburg coal is of the very best grade and there is a great demand for it. We predict splendid financial success for this company under the management of Mr. Duncan.

**Horses Wanted.**  
One hundred good draft horses, 100 draft mares and 100 drafters, at G. W. Pickett's livery stable, 214 1st W. G. F. TAYLOR.

One day last week Dr. Ramsay and a party of friends were in the country squirrel hunting. The doctor signalled the other members of the party to keep still and follow him, that he had found a large flock of wild turkeys on a dead tree. On investigation it was found the turkeys were buzzards and the doctor is being joked unmercifully by his friends.

Rev. J. S. Kirtley will deliver the baccalaureate sermon at Hardin College next Sunday morning. He is pastor of the Delmar Avenue Church of St. Louis. Rev. Kirtley has the reputation of being a very good preacher, not as eloquent as some, but one who interests his hearers. The worst thing that can be said of him is that he is a bachelor.

J. T. Johnson has contracted with the LaCrosse Lumber Co. to erect him an elegant residence on his lot situated on east Monroe street. This is one of the handsomest building sites in the city and the residence will cost close to \$7,000 and will be the best in the city. H. D. Hunter drew the plans.

**New Bank at Vandalia.**  
A new bank at Vandalia with a capital stock of \$25,000 will shortly be ready for business. The Board of Directors and officers will be as follows: The Board—Joseph Bondurant, A. S. Carroll, W. L. Wright, Judge J. J. Alexander, Jerry Rose, H. L. Litter, G. E. Price and H. Coons. The Officers—Mr. Bondurant, President; W. S. Carroll, Vice-President; and W. L. Wright, Cashier.

**Children's Day at Olivet next Sunday.** Let all give attention. J. W. OWEN, Pastor.

Matt Boyd, who is boring for coal on C. C. Davis' land, north of town, has only gone down twenty-five feet yet he is confident he will find coal. The indications are good at any rate.

Mrs. Ducher and Mrs. Bayler, of Kirksville, came to Mexico yesterday to make arrangements to place their sons in the Missouri Military Academy the next scholastic year.

## TULIP ITEMS.

Correspondence of the Ledger.

TULIP, Mo., May 22.—Weather fine, farmers very busy planting corn, most of whom will finish this week if the weather keeps favorable. Meadows and oats are looking fine and everything points to a large crop.

Wheat has come out considerable within the last two weeks. Mrs. Maxey, who fell and fractured her hip some two weeks ago, is getting along very well for one of her age—being 75.

Pete Reed, who has been quite sick with measles and lung complication, is much better now.

Our drug clerk is puzzled. A young lady called at the drug store of Johnson & Son the other day and asked the clerk for a "hocus pocus" plaster. The clerk, not knowing what to furnish, told his customer he was just out but would have them next week. So the next day the young lady's sister called for a "pocus plaster" and the clerk's mystery was solved.

Jack Self, a blacksmith from Centralia, has formed a copartnership with S. S. Slyack, which gives Tulip two first-class workmen.

**Strayed or Stolen.**  
On last Saturday morning a horse belonging to one strayed or was stolen from the hitching rack at Mexico. He is 15 1/2 hands high, bay roan color, had a halter on. One white hind foot and sore shoulders. Will pay liberal reward for information leading to his recovery. Moline, Mo. 8 2t DAN QUINLAN.

**RUSH HILL ITEMS.**  
Correspondence of the Ledger.

RUSH HILL, Mo., May 22.—Farmers are yet busy planting corn. Wheat is doing fine. Meadows are coming to the front. Wm. Sims sheared his sheep last week.

Bob Patton is working on the section but says he will soon go to selling fruit trees.

We are afraid that there will be much complaint about bad seed corn.

A nice little shower would do no harm.

Burns seem to be very plentiful this year. Many of them are put off the trains in trying to beat their way to Chicago.

We want it distinctly understood that we are going to have a Fourth of July picnic this year.

Miss Nettie Ridgway is now post-mistress of Rush Hill, having received the appointment last week.

**Some Hints for Wedding.**  
If you want to be fashionably married choose your party at high noon or at 4 o'clock in the afternoon. The bouquet must be white, either of orange blossoms, white orchids or white roses. The wedding party, bridegroom and best man excepted, assemblies in the waiting room of the church, the latter two going to the vestry as the clergyman's left. Upon the clergyman entering the chancel the party moves up the aisle and the following order: Ushers two by two, bridesmaids two by two, the maid of honor, the bride with her father. Upon reaching the altar the bridesmaids stand to the left, bridesmaids to the right, the bridegroom steps down and leads the bride to her place. The best man has charge of the ring, whilst the maid of honor takes charge of the bride's glove and bouquet. The maid of honor also takes the bride's veil. This should be worn over the face before the ceremony and thrown back afterwards. The procession is reversed good by the train is from 1 1/4 to 2 1/4 yards long; it is the only correct rule. The veil should be as long as the train.

Intending bridegrooms would do well to call at J. Bernhardt & Co's, south side, and see their stock of clothing, furnishings and hats before going elsewhere. They keep the noblest goods and are up with the prevailing styles, whilst their prices range to suit any man's pocket. We solicit a call from you and know we can please you because we have the goods.

Enily Vail, the LEDGER correspondent, was in Laddonia last week visiting her friend, Mrs. Kate W. Avery, and while there was also the presence of Mrs. C. A. and Mrs. Judge B. H. Wilder.

Correspondence of the Ledger.

WASHINGTON SCHOOL HOUSE, May 23.—Mrs. John Cowan, who has been on the sick list for a number of days, is no better.

Carter Mallory and family visited friends near Rowena last week.

Uncle Sammie Turner, of Mexico, spent last Sunday in this neighborhood. His health and ability to get around are very good, indeed, for a man of his age.

H. O. Craig will shortly leave for Chicago with an extra lot of saddle horses. They are good animals and should bring at least fair prices. Ike McCowan also has a fine saddle gelding that he would sell at reasonable figures.

Jas. Reynolds has a colt that is a fine looking youngster. It was sired by Lighthall.

John Cowan has several acres of corn up. It can be seen clear across the field. While he is ahead of the rest yet nearly everyone has some corn planted and all are at work.

Anyone who has observed the wheat crop in this vicinity will be forced to acknowledge the expediency of using some kind of a fertilizer. The difference in the yield certainly compensates for the extra cost. It is only a matter of time until every farmer will use some kind of a fertilizer.

Our Anti-Horse Thief Society is a strong association. Its members say they have several bad characters spotted. Evil does will profit by giving such organizations a wide berth.

An effort is being made to have preaching at our school house occasionally.

Several of our young folks attended the elocutionary contest of the Mexico Public School on last Monday night. They were highly pleased with the speaking and thought the medals rightly awarded.

**Ice cheap, sugar cheaper and cream plenty. Freezers—four kinds—Cheapest at Robertson's.**

J. K. Maxwell and wife, of St. Louis, are at the Ringo. Mr. Maxwell has purchased the Dingle farm, northeast of Mexico, paying \$25 per acre for it. Ab. Dingle and Mr. Maxwell are having the land surveyed. There is thought to be 450 acres of it. Mr. Maxwell will move from St. Louis to his newly purchased property and embark in the stock raising business.

**Seed Corn.**  
We have about 50 bushels of early Mastodon Dent seed corn for sale. The above corn is acknowledged to be at least 2 weeks earlier than any other field corn. Our corn was selected with great care and from three actual tests made it was shown that more than 90 per cent would grow. Price \$1 per bushel here; \$1.25 per bushel in 2 bushel grain sacks, delivered at Auxvasse. Bernard & Dudley, Bachelor, Mo. 5 t.

**Dedication of the Confederate Home at Rigsville on Tues. lat.**  
For the above the Chicago & Alton Railroad will sell excursion tickets to Higginsville and return at \$4.35. Tickets on sale June 1. Good for return passage until June 2nd. E. S. Wilson, Rk't Ag't.
